# Apriva Merchant Portal

The Apriva Merchant Portal allows you to easily measure and track the pulse of your business. It works in harmony with the AprivaPay™ Plus app so you can take comfort knowing that your data is always up to date across all your devices. We built it with small- and mid-sized merchants in mind. Welcome to your new command center.

Features

Mobile-friendly

The Apriva Merchant Portal was designed from the ground up with mobile devices in mind. Quickly and easily check the status of your business no matter where you are.

Dashboard

The Dashboard is a high-level view of your account and displays important sales data and other information about your business. Each time you login to the Portal you will be directed to the Dashboard.

Reports

The Reports section of the Portal allows you to view and export Sales Statistics, Transaction data and Sales Tax data for a specific date or a date range. You may also resend customer transaction receipts from this section of the Portal.

Inventory

The Inventory section of the Portal lets you easily manage item prices, display pictures, descriptions, etc. Items added or removed from this section of the Portal are automatically synced with your mobile application.

Users

You can quickly manage users of both the Portal and the mobile app in the Users section of the Portal.

Support

The Support section of the Portal allows you to submit support requests, view popular support topics and download user guides for the mobile app. This section also includes information for our Customer Contact Center.
